MINDS OVER MATTER

Our values. Our know-how.

When mind dominates matter, it creates different and better solutions for unique experiences.

Our customers purchase something far more important than a product. They buy the values of our talent.

COMPAC, The Surfaces Company, produces the highest quality technological quartz and marble, improving technical performance and creating unique surfaces using innovative processes to achieve ecological and sustainable benefits.

The 40th anniversary of COMPAC marks the recognition of a company history that includes our forward-looking entre-preneurial spirit and an ongoing avant-garde focus. In these four decades, the company has conquered the international market with premium quality products that are well differentiated from the competition thanks to their finishes, colours and trend-setting concepts.

SIGN OF PERFECTION

Only when you truly understand nature's perfection, wisdom and greatness can you start conceiving something more than that.

WHEN YOU MASTER NATURE,
ALWAYS EXPECT SOMETHING NEW

The path to perfection is shaped by nature and here at COMPAC, we appreciate this wisdom and grandeur. Only in this way have we managed to enhance the excellence of perfection.

and this is reflected in the singular surfaces whisking you away to the most amazing landscapes that you can only reach and feel if you are perfectly in tune with nature.

Unique has become another element of nature-intensely expressing all its wonderful layers. Unique is pure nature

BE AT ONE WITH NATURE

All this is only possible when you go that one step further, when you really master nature, respect it and refashion it with your own approach –an idea that when it shines, evolves in all its glory.

This is when we find ourselves on the unique path only available to leaders, as whilst others try to merely represent nature, COMPAC creates its own horizons.

NEW DESIGNS

COMPAC creates. COMPAC chooses nature and elevates it with its own designs, conjuring unique surfaces for the entire market.

A man with a beard, wearing a dark hoodie, is seated at the helm of a boat. He is looking out at the ocean during a sunset. The sky is a mix of orange, red, and yellow, with the sun just below the horizon. The water is dark with some whitecaps. The boat's steering wheel and various pieces of equipment are visible in the foreground and background.

Be at one with nature.

7.40 pm
Steve, boat captain.

"Conquer a new sunset. Be one with the ocean and ride its ups and downs. Close your eyes... listen to the calm as well as its fierceness... respect its strength..."

I breathe salt. I open my eyes and there it is, the line that separates us from the sky. Vastness. I close my eyes; I only see the ocean..."

Unique Carrara™

Unique Carrara™ is a unique piece, designed for those looking to create special spaces with bright surfaces filled with their own light. A creation that hints at style and originality.

**"Go with the surface that's
able to move you"**

6.13 am
Ahmed, desert guide.

"The desert is a metaphor for infinite possibilities. It's where all different paths coexist. You can't see them, but they're around for those who want to follow them. Textures that are always changing, marking or erasing the direction to follow. Signs that appear and disappear..."

The only thing that remains is the horizon, that thin line that always watches us".

Unique Bianco™

The Unique Bianco™ design allows the material to have movement, with strength and with personality. It's exclusive textures are the hallmarks of this creation that's been specially designed for environments with a big character.

**"A surface capable of speaking
to your fingers, has a whole lot to say"**

A silhouette of a woman looking through a telescope against a twilight sky with a full moon and city lights.

Be at one with nature.

01.22 am
Christy, astronomer.

"As a child, I imagined touching the stars as if they were a big pile of pebbles. Nature creates textures and patterns designed for dreaming. I would have loved to play marbles with the universe, or to connect the dots, drawing shapes.

Then I would have discovered that the intangible is placed there for us, within reach of our eyes, to lift us up and give us a new reason to dream".

Unique Pietra™

The tone of Unique Pietra™, together with the design of its veining, is pure inspiration, giving the space a unique personality. Unique Pietra wins you over not only with its essence, but with everything it awakens with its texture. With its design and the way it feels, it transports you to infinite places. A sure bet for those who love everything artistic and unusual.

“The most beautiful surface manages to first inspire your sight, followed by the rest of your senses”

ALL COLLEC TION

Our Unique collection taps nature and its beauty, and comes from respect and admiration for its forms, materials and textures.

Our designs are inspired by lakes, forests, rocks, landscapes... to produce something that is completely new and unique.

FINISHES

Textures and finishes that give to the Unique Collection™ a distinctively elegant appeal.

POLISHED

A finish that intensifies colours, giving them more life, and enabling you to give a distinctive seal to your surroundings. A finish that reflects the personality of a true connoisseur.

GLACÉFINISH

Perfect matt, smooth and glowing, a soft sensation to the touch, the absence of reflections and fast, easy cleaning. Beautiful and practical at the same time, with one single finish

CRÊPEFINISH

We have created a **state-of-the-art finish**, designed to seduce your senses. Its **fine roughness** makes it a compact surface that is overflowing with overwhelming **delicateness**.

A purely natural, non-glare finish, with flawless workmanship that is easy to maintain and clean.

COMPAC **COMMITMENT**

COMPAC Surfaces has a deep-rooted culture of Corporate Social Responsibility (CSR) aimed at actively contributing to social, economic and environmental improvement.

Following our environmental commitment, we have incorporated to the Unique Collection a BIO resin obtained from vegetal sources that allows us to create a natural and more respectful collection with the environment.

BIO CERTIFICATE

Distinction, responsibility and respect can, and must, go hand in hand. That's why the Unique collection is made using vegetable-origin raw materials such as hi-tech BIOresins, from renewable sources. This is certified by the prestigious BIO certification.

UNIQUE IN THE WORLD

The Unique Collection transforms spaces in which it is used, endowing them with elegance and unique style.

Sober, commanding homes and spaces that take on another dimension when these materials become the protagonists.

QUALITY

EFFICIENCY AND RESPECT

We are the first to demand maximum quality and respect for the environment throughout our entire manufacturing process.

U.S. GREEN BUILDING COUNCIL

This recognition from the USGBC demonstrates our commitment to a prosperous and sustainable future - more aware of our use of energy and more collaborative with the construction of "Green buildings".

NSF CERTIFICATION

In addition to beauty and exclusive distinction, at COMPAC we also want to create responsible and safe products. This is why all our products are manufactured in materials that are totally safe when food products are brought into contact with them. This is certified by the leading US organisation.

GREENGUARD MARK

We create products that comply with even the most demanding quality standards for indoor air, and this is what this prestigious Institution guarantees by granting us these seals. Including the Greenguard Children & Schools Certified, one of the strictest standards in the industry, for obvious reasons..

BIO CERTIFICATE

Distinction, responsibility and respect can, and must, go hand in hand. That's why the Unique collection is made using vegetable-origin raw materials such as hi-tech BIOresins, from renewable sources. This is certified by the prestigious BIO certification.
